Praise for Mystic Pieces: "Mystic Pieces is a charming, humorous, and original mystery that weaves a tale of murder and self-discovery with heart, family, and psychic powers." - Reader's Favorite "This was a solid start to this paranormal cozy mystery series. I had fun reading this one. I liked the inclusion of Aly's psychic powers and how she tried to use them to help solve the mystery. It makes sense how she got involved and how she went about figuring out who had done it. And I liked how natural and realistic instead forced some of the coincidences felt. The mystery kept me guessing, although the murderer was a bit of a surprise there were some nice twists along the way and I was never quite sure who the murderer was. Aly as a main character and reading about her and her powers. I liked the side characters and how each had their own personality that made it easy to remember. All in all I really enjoyed this book and look forward to the next in the series!" - Lola's Book Reviews "A cute and cozy introduction to the quirky and devoted characters, Mystic Pieces is the perfect first installment to the Shady Grove Psychic Mystery Series." - Literary Lioness
