Canada and the United States: Differences that Count investigates why and how the United States and Canada—while so close and seemingly so similar—remain different in so many ways. In seventeen analytical yet readable chapters, leading authorities look at the American and the Canadian ways of doing things. The questions they address affect us all in ways great and small: as citizens, as students, and as policymakers. Our similarities and our differences are not always as we have assumed them to be, and this volume helps us learn from one another's experiences. The fourth edition features new chapters on taxation, revenues, and budgets; health care; banking and financial regulation; legislatures; foreign policy; prime ministers and presidents; and state-province comparisons. Every chapter has been updated to take into consideration major developments and changes since the third edition, including the economic meltdown of 2008, changing electoral outcomes, new census data, and new policy directions in both countries—especially concerning health care and the environment. Medical-Surgical Nursing is a popular medical/surgical text used in nursing courses around the world containing solid, research-based content presented in a concise, readable, and consistent format. The fourth edition of Crime and Criminology is a concise, comprehensive overview of criminological theory. By relating classical and contemporary theories to current criminological concerns through case studies and examples - such as racial profiling, sex trafficking, domestic violence, and cybercrime - the fourth edition is an up-to-date and remarkably accessible introduction to the study of theory in Canadian criminology. For one-semester introductory psychology courses in both two- and four-year colleges. Prentice Hall presents the Sixth Edition of one of the most widely-adopted introductory psychology textbooks on the market. It is well-known for its pioneering focus on the development of critical thinking skills crucial to students' success in college and in later life. It is also widely regarded for the liveliness, warmth, and clarity of its writing style, and continues its tradition of integrating gender, culture, and ethnicity throughout the text while providing a comprehensive introduction to the field. Note: You are purchasing a standalone product; MyVirtualChild does not come packaged with this content. Students, if interested in purchasing this MyVirtualChild, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. Children and Their Development, Fourth Canadian edition, provides a solid, research-oriented overview of child-development science. Organized topically and in modules, this text focuses on research and theory while making the material accessible for students through effective pedagogy. It uses fundamental developmental issues as a foundation for integrating studies and for demonstrating how complementary research methods work together. It also demonstrates that the results of child-development research can be used to enhance the lives of children and their families. If you would like to purchase both the physical text and MyVirtualChild, search for: 0134857976 / 9780134857978 Children and Their Development, Fourth Canadian Edition Plus MyVirtualChild -- Access Card Package, 4/e Package consists of: 0134646568 / 9780134646565 Children and Their Development, Fourth Canadian Edition 0205690335 / 9780205690336 MyVirtualChild -- Standalone Access Card Olmsted/Burk is an introductory general chemistry text designed specifically with Canadian professors and students in mind. A reorganized Table of Contents and inclusion of SI units, IUPAC standards, and Canadian content designed to engage and motivate readers distinguish this text from many of the current text offerings. It more accurately reflects the curriculum of most Canadian institutions. Instructors will find the text sufficiently rigorous while it engages and retains student interest through its accessible language and clear problem solving program without an excess of material that makes most text appear daunting and redundant. This exciting new textbook for introductory psychology helps to open students' minds to the idea that psychology is all around us. Authors RON COMER and LIZ GOULD encourage students to examine what they know about human behaviour and how they know it; and open them up to an appreciation of psychology outside of the classroom. Psychology Around Us helps students see the big picture by stressing the interconnected nature of psychological science. Almost every chapter within this first edition helps open students' minds to comprehend the big picture with sections that highlight how the different fields of psychology are connected to each other and how they connect to everyday life. This text highlights human development, brain function, abnormal psychology, and the individual differences in each area as cut-across themes to demonstrate these connections. Also included are two-page art spreads to demonstrate exactly What Happens In The Brain When we engage in everyday activities such as eat pizza, study psychology, or listen to music. The art featured in these spreads have been created especially for Psychology Around Us by an award-winning artist with input from faculty on how it will contribute to teaching and learning. Features: Cut Across Connections - Almost every chapter helps students comprehend the big picture with sections that highlight how the different fields of psychology are connected to each other and how they connect to everyday life. What Happens in the Brain When... These two-page art spreads demonstrate exactly what happens in the brain when we engage in everyday activities such as eating pizza, studying psychology, or listening to music. Chapter Opening Vignettes - Every chapter begins with a vignette that shows the power of psychology in understanding a whole range of human behaviour. This theme is reinforced throughout the chapter, celebrating the extraordinary processes that make the everyday possible. Special topics on psychology around us - Each chapter highlights interesting news stories, current controversies in psychology, and relevant research findings that demonstrate psychology around us. The Practically Speaking box emphasizes the practical application of everyday psychology. Helpful study tools - Key Terms; Marginal Definitions; Marginal Notes; Chapter Summaries. This bestselling textbook portrays the latest developments in psychology in a charismatic style that

will inspire a lifelong love of science. As top researchers, committed educators, and writers who hit the bestsellers lists, this extraordinary author team keeps students captivated page after page, story after story, with Ingrid Johnsrude bringing in Canadian research and examples. The new edition takes a closer look at the role psychology plays in our society, with new material in Chapter 2 that looks at the truth about psychological science, the rate of replication in published studies, and how critical thinking is foundational in science and life. Chapter 1 presents a new look at the history of the science with unexpected stories and new insights into its surprising origins. Each chapter has been fully updated with Canadian-based research and examples to portray a field that is constantly evolving and illuminating the world today. Combined with LaunchPad, including the LearningCurve adaptive quizzing system, the new Fifth Edition is a powerful way to introduce students to the science of psychology. The fourth Canadian edition of Weygandt, Kieso, Kimmel, Trenholm, Kinnear Accounting Principles has been carefully developed to build upon the highly regarded "Student Success" foundation for which it has become known over the years. The book has been praised by students and instructors across the country for its outstanding visual design, its carefully integrated pedagogy, and its excellent writing style and clarity of presentation; these key elements have been further enhanced in the fourth edition. Our ongoing series of workshops, "Ensuring Student Success in Principles of Accounting", has provided an understanding of how instructors teach and how they use the materials we provide. This knowledge has allowed us to introduce a series of critical upgrades that will help you teach in more innovative and efficient ways. Just roll to the new edition of Weygandt and benefit from a whole new set of resources and problems. This is the best Weygandt package we have ever produced! With its enhanced design and increased Canadian content, Basics of Social Research: Qualitative and Quantitative Approaches sets a new standard in social research methods. The improved layout makes a difficult subject easier to understand, with a new four-colour, visually enhanced presentation. Updated Canadian content focuses on real research examples from Canadian studies to make social research accessible to students and demonstrate how social research has applications in the real world. Themed boxes and new end-of-chapter questions increases student learning and provides a foundation for further learning about social research methods. Now in its fourth Canadian edition, Social Research Methods remains the go-to research guide for undergraduates in the social sciences. Offering practical, step-by-step advice, the authors take readers through all stages of the processes involved in both quantitative and qualitative research, from formulating questions, choosing methods, and recruiting participants to analyzing the data and writing up the results. Note: If you are purchasing an electronic version, MyEconLab does not come automatically packaged with it. This trusted text, the market's best-seller, makes an often complex subject accessible to beginning students with a strong focus on readability and illustrations. It offers a meaningful, non-technical survey that is informative and up-to-date for learning basic geological principles and concepts. The fourth Canadian edition of Earth is a robust revision with each part of the book being examined carefully with the goals of keeping topics current, addressing Canadian perspectives and issues, and improving the clarity of text discussions and visuals. Conceptual and applied, with emphasis on analyzing and interpreting Canadian data to make informed business decisions. The book draws students in using a conversational writing style and delivers content with a fresh, exciting approach that reflects the authors' blend of teaching, consulting, and entrepreneurial experiences. KEY TOPICS: Introduction to Statistics; Data; Surveys and Sampling; Displaying and Describing Categorical Data; Displaying and Describing Quantitative Data; Scatterplots, Association, and Correlation; Introduction to Linear Regression; Randomness and Probability; Random Variables and Probability Distributions; Sampling Distributions; Confidence Intervals for Proportions; Testing Hypotheses about Proportions; Confidence Intervals and Hypothesis Tests for Means; Comparing Two Means; Design of Experiments and Analysis of Variance (ANOVA); Inference for Counts: Chi-Square Tests; Nonparametric Methods; Inference for Regression; Understanding Regression Residuals; Multiple Regression; Building Multiple Regression Models; Time Series Analysis; Decision Making and Risk; Quality Control MARKET: Appropriate for the Intro to Business Statistics-One or Two Term course. A longtime favorite with millions of readers, LOOKING OUT, LOOKING IN, 15th Edition maintains its market-leading tradition of linking the latest research and theory to learners' everyday lives. Its accessible approach motivates readers to learn and apply communication principles in both personal relationships and on the job. Expanded emphasis on social media includes an all-new chapter devoted to the role of mediated communication in interpersonal relationships as well as integrated coverage throughout the book. In addition, diverse examples, new readings, compelling cartoons, lively photos, and popular culture references bring principles to life. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Welcome to the fourth Canadian edition of On Cooking: A Textbook of Culinary Fundamentals. Learning to cook entails much more than simply learning to follow a recipe. Consequently, this is neither a cookbook nor a collection of recipes. It is a carefully designed text intended to teach you the fundamentals of the culinary arts and to prepare you for a rewarding career in the food service industry. Note: If you are purchasing an electronic version, MyBCommLab does not come automatically packaged with it. To purchase MyBCommLab, please visit www.MyBCommLab.com or you can purchase a package of the physical text and MyBCommLab searching for ISBN 10: 0133508706 / ISBN 13: 9780133508703. Business Communication Essentials introduces you to the fundamental principles of business communication and gives you the opportunity to develop your communication skills. You'll discover how business communication differs from personal and social communication, and you'll see how today's companies are using blogs, social networks, podcasts, virtual worlds, wikis, and other technologies. Business Communication Essentials offers you the opportunity to practise communication skills that will help you get jobs and be promoted in today's workplace. The new fifth Canadian edition is student-friendly and features the most extensive end-of-chapter activities available, including questions, exercises, assignments, and cases. Essentials of Abnormal Psychology uses an integrative approach to emphasize the interplay of psychological, socio-cultural, and biological factors in the development of psychological disorders. Its brief, streamlined format introduces students to the basic concepts of the field while being inclusive of Canadian cultural diversity, gender, and lifestyle. The text's engaging writing style, research-based coverage, superior pedagogy, and student-oriented applications are designed to arouse student interest and encourage critical thinking. KEY TOPICS: What Is Abnormal Psychology?; Assessment, Classification, and Treatment of Abnormal Behaviour; Anxiety, Obsessive-Compulsive, and Trauma- and Stressor-Related Disorders; Depressive, Bipolar and Related Disorders and Suicide; Dissociative and Somatic Symptom and Related Disorders; Personality Disorders; Substance-Related and Addictive Disorders; Feeding and Eating Disorders and Sleep-Wake Disorders; Gender Dysphoria, Paraphilic Disorders, and Sexual Dysfunctions; Schizophrenia Spectrum and Other Psychotic Disorders; Abnormal Behaviour Across the Lifespan MARKET: Appropriate for Abnormal Psychology Courses. This highly accessible, manageable program is user-friendly for instructors, teaching assistants, and students. Known for its succinct and precise grammar explanations, its presentation of high-frequency and practical vocabulary, and its overall flexibility, HOLA, AMIGOS! continues to maintain its appeal with instructors regardless of their preferred methodology. The program is designed to develop students' ability to communicate effectively in Spanish in a variety of situations as well as to strengthen cultural awareness and competence. It offers a full scope and sequence, yet is brief enough to be used effectively for a two-semester course. The eighth edition features an enhanced integration and presentation of culture and new and exciting technology components. All components are fully integrated with the flexibility to accommodate a range of scheduling factors, contact hours, course objectives, and ability levels. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Iris Au and Jack Parkinson of the University of Toronto, Scarborough have "Canadianized" the Microeconomics section of Krugman/Wells, Economics, Third Edition, maintaining the structure and spirit of the U.S. version but adapting it to include Canadian examples and stories to appeal more directly to Canadian instructors and students. 4LTR Press solutions give students the option to choose the format that best suits their learning preferences. This option is perfect for those students who focus on the textbook as their main course resource. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Accessible and illuminating, this text is both a map and toolkit for successfully navigating the maze of social statistics. A five-step learning model, applied to each statistical technique, introduces key concepts in plain language; explains how to perform calculations manually; provides specific descriptions of how to use statistical software such as SPSS; offers practice questions to solidify understanding; and gives guidance on interpreting results. "Dying and Death in Canada offers a comprehensive discussion of dying, death, and bereavement from a Canadian perspective. The third edition has been thoroughly updated and several new topics have been added, including assisted suicide and active euthanasia, end of life care, emerging trends in funerary practices, and changing conceptualizations and interventions in the grieving process. A glossary has also been added along with end-of-chapter review questions and an appendix listing recent and seminal movies, television programs, documentary films, and other visual media sources dealing with dying and death. The new edition includes 22 black and white photos, 4 figures, and 3 tables." -- Note : You are purchasing a standalone product; MyWritingLab does not come packaged with this content. Students, if interested in purchasing this title with MyWritingLab, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information.
