The New Feminist Criticism
Feb 20 2020 "The New Feminist Criticism" brings together for the first time the most influential and controversial essays on the feminist approach to literature. These groundbreaking essays

by well-known critics offer a much-needed overview of feminist critical theory, and illustrate its practice. In "The New Feminist Criticism" the authors take up a variety of topics. They challenge received notions of literary tradition and shows how women's writing has been systematically excluded, misread, and misinterpreted. They address the relationship of women's writing to ethnicity, separatism, and feminism itself. And they ask how it differs from that of men, with regard to recurrent images, symbols, themes, and plots. Complete with a bibliography of feminist literary theory, "The New Feminist Criticism" is an indispensable introduction to one of the most important intellectual movements of recent times. -- From publisher's description.

Beyond Literary Analysis May 17 2022 "This book will make the case for multiple, diverse kinds of analysis to be taught in the high school English classroom. In addition to showing what written analysis looks like "in the wild," the authors will provide readers with a framework of fundamental analytical skills for instruction. Importantly, Marchetti and O'Dell will advocate for framing analytical writing around students' (of all levels and abilities) passions and expertise. And just as they

do in their previous Heinemann book, *Writing with Mentors*, they will share resources for bringing many different kinds of analytical writing into the classroom"--

Born a Crime Dec 12 2021 #1 NEW YORK TIMES

BESTSELLER • More than one million copies sold! A “brilliant” (Lupita Nyong’o, Time), “poignant” (Entertainment Weekly), “soul-nourishing” (USA Today) memoir about coming of age during the twilight of apartheid “Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an

NAACP Image Award • Named one of the best books of the year by The New York Times, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah's unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. *Born a Crime* is the story of a mischievous young boy who grows into a restless young man as he struggles to

find himself in a world where he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

Poetics of Prose Aug 08 2021

This creative yet scholarly book discusses prose's important relationship to close literary analysis, showing how such an approach can be beneficial for readers, scholars, and writers alike. Bringing together a literary history that consists of writers such as Lermontov, Chekhov, Camus, and Calvino, Mark Axelrod masterfully interweaves discussions of structure, context, genre, plot, and other key elements often applied to poetry but seldom applied to various forms of prose in order to offer bold and surprisingly fresh claims about the writer's purpose. By peeling back these layers of technique and style, this book opens up discussions to better understand and appreciate great dramatists, writers, and poets throughout time by returning back to the core elements that originally comprised their writing crafts.

Under the Feet of Jesus Jun 06 2021 Winner of the John Dos Passos Prize for Literature "Stunning."—Newsweek With the same audacity with which John Steinbeck wrote about migrant worker conditions in *The Grapes of Wrath* and T.C. Boyle in *The Tortilla Curtain*, Viramontes presents a moving and powerful vision of the lives of the men, women, and children who endure a second-class existence and labor under dangerous conditions in California's fields. At the center of this powerful tale is Estrella, a girl about to cross the perilous border to womanhood. What she knows of life comes from her mother, who has survived abandonment by her husband in a land that treats her as if she were invisible, even though she and her children pick the crops of the farms that feed its people. But within Estrella, seeds of growth and change are stirring. And in

the arms of Alejo, they burst into a full, fierce flower as she tastes the joy and pain of first love. Pushed to the margins of society, she learns to fight back and is able to help the young farmworker she loves when his ambitions and very life are threatened in a harvest of death. Infused with the beauty of the California landscape and shifting splendors of the passing seasons juxtaposed with the bleakness of poverty, this vividly imagined novel is worthy of the people it celebrates and whose story it tells so magnificently. The simple lyrical beauty of Viramontes' prose, her haunting use of image and metaphor, and the urgency of her themes all announce *Under the Feat of Jesus* as a landmark work of American fiction.

Early Postmodernism Dec 20 2019 In the decade that followed 1972, the journal *boundary 2* consistently published many of the most distinguished and most influential statements of an emerging literary postmodernism. Recognizing

postmodernism as a dominant force in culture, particularly in the literary and narrative imagination, the journal appeared when literary critical study in the United States was in a period of theory-induced ferment. The fundamental relations between postmodernism and poststructuralism were being initially examined and the effort to formulate a critical sense of the postmodern was underway. In this volume, Paul A. Bové, the current editor of *boundary 2*, has gathered many of those foundational essays and, as such, has assembled a basic text in the history of postmodernism. Essays by noted cultural and literary theorists join with Bové's contemporary preface to represent the important and unique moment in recent intellectual history when postmodernism was no longer seen primarily as an architectural term, had not yet come to describe the wide range of culture it does now, but was finding power and place in the literary realm.

These essays show that the history of postmodernism and its attendant critical theories are both more complex and more deeply bound with literary criticism than often is acknowledged today. Early Postmodernism demonstrates not only the significance of these literary studies, but also the role played by literary critical postmodernism in making possible newer forms of critical and cultural studies. Infinite Fictions Apr 04 2021

David Winters has quickly become a leading voice in the new landscape of online literary criticism. His widely-published work maps the furthest frontiers of contemporary fiction and theory. The essays in this book range from the American satirist Sam Lipsyte to the reclusive Australian genius Gerald Murnane; from the "distant reading" of Franco Moretti to the legacy of Gordon Lish. Meditations on style, form and fictional worlds sit side-by-side with overviews of the cult status of Oulipo, the aftermath of modernism, and the history of continental philosophy.

Infinite Fictions is indispensable reading for anyone interested in the forefront of literary thought.

The Writer's Presence Jul 27 2020 The readings in *The*

Writer's Presence are selected exclusively for the quality of the writing. Editors Donald McQuade of the University of California, Berkeley, and Robert Atwan, Series Editor of *The Best American Essays* scoured hundreds of essays in search of teachable readings with strong voices and clear points of view. The result is a blend of classic pieces by favorites like James Baldwin, Annie Dillard, and Amy Tan; and fresh pieces by rising stars like Michael Pollan, Geeta Kothari, James McBride, and Daniel Harris. The voices in *The Writer's Presence* represent different communities, time periods, levels of difficulty, and fields of study, and the topics intersect in intriguing and nuanced ways, giving students the opportunity to think critically and develop their own voices. Organized by type of writing and with minimal apparatus, *The Writer's Presence* gives instructors unsurpassed teaching flexibility. With so many exceptional readings and so many ways to teach them,

the possibilities are endless. *The Intimate Critique* Feb 26 2023 For a long time now, readers and scholars have strained against the limits of traditional literary criticism, whose precepts—above all, "objectivity"—seem to have so little to do with the highly personal and deeply felt experience of literature. The *Intimate Critique* marks a movement away from this tradition. With their rich spectrum of personal and passionate voices, these essays challenge and ultimately breach the boundaries between criticism and narrative, experience and expression, literature and life. Grounded in feminism and connected to the race, class, and gender paradigms in cultural studies, the twenty-six contributors to this volume—including Jane Tompkins, Henry Louis Gates, Jr., Shirley Nelson Garner, and Shirley Geok-Lin Lim—respond in new, refreshing ways to literary subjects ranging from Homer to Freud, Middlemarch to *The Woman Warrior*, Shiva Naipaul to Frederick Douglass.

Revealing the beliefs and formative life experiences that inform their essays, these writers characteristically recount the process by which their opinions took shape—a process as conducive to self-discovery as it is to critical insight. The result—which has been referred to as "personal writing," "experimental critical writing," or "intellectual autobiography"—maps a dramatic change in the direction of literary criticism. Contributors. Julia Balen, Dana Beckelman, Ellen Brown, Sandra M. Brown, Rosanne Kanhai-Brunton, Suzanne Bunkers, Peter Carlton, Brenda Daly, Victoria Ekanger, Diane P. Text Genetics in Literary Modernism and other Essays

Jan 01 2021 This collection of essays from world-renowned

scholar Hans Walter Gabler contains writings from a decade and a half of retirement spent exploring textual criticism, genetic criticism, and literary criticism. In these sixteen stimulating contributions, he develops theories of textual criticism and editing that are inflected by our advance into the digital era; structurally analyses arts of composition in literature and music; and traces the cultural implications discernible in book design, and in the canonisation of works of literature and their authors. Distinctive and ambitious, these essays move beyond the concerns of the community of critics and scholars. Gabler responds innovatively to the issues involved and often endeavours to re-think their urgencies by bringing together the orthodox tenets of different schools of textual criticism. He moves between a variety of topics, ranging from fresh genetic approaches to the work of James Joyce and Virginia Woolf, to significant contributions to the

theorisation of scholarly editing in the digital age. Written in Gabler's fluent style, these rich and elegant compositions are essential reading for literary and textual critics, scholarly editors, readers of James Joyce, New Modernism specialists, and all those interested in textual scholarship and digital editing under the umbrella of Digital Humanities.

The Most Dangerous Game Jun 25 2020 From one of America's most popular short story writers and an Academy Award nominee: the O. Henry Award-winning tale that inspired the movie *The Hunt*. A subject of mysterious rumors

and superstition, the deserted Caribbean Island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles—one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale “has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill” (The Telegraph). “[A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted.”

Writing Essays About Literature Nov 11 2021

This book gives students an answer to the question, “What does my professor want from this essay?” In lively, direct language, it explains the process of creating “a clearly-written argument, based on evidence, about the meaning, power, or structure of a literary work.” Using a single poem by William Carlos Williams as the basis for the process of writing a paper about a piece of literature, it walks students through the processes of reading, brainstorming, researching secondary sources, gathering

evidence, and composing and editing the paper. Writing *Essays About Literature* is designed to strengthen argumentation skills and deepen understanding of the relationships between the reader, the author, the text, and critical interpretations. Its lessons about clarity, precision, and the importance of providing evidence will have wide relevance for student writers.

Minor Prophecies Mar 03 2021

For most people literary criticism is a mystery that often seems inaccessible, written for an in-group. Even worse, a Battle of the Books has broken out between neoconservatives and neoradicals--all the more reason to steer clear of the fray. Geoffrey Hartman argues that ignoring the culture wars would be unwise, for what is at stake is the nature of the arts we prize and our obligation to remain civil and avoid the apocalyptic tone of most political prophecy. Hartman's book is both a survey of the history of modern literary criticism and a strategic

intervention. First he presents an account of the culture of criticism in the last one hundred years. He then widens the focus to provide a picture of the critical essay from 1700 to the present in order to show that a major change in style took place after 1950. Two chapters focus on F. R. Leavis and Paul de Man, central--and controversial--figures in academic criticism. Hartman attends to major developments on the continent and in Anglo-American circles that have disrupted the calm of what he calls the friendship or conversational style. On the one hand, critics and thinkers have pursued strange gods in order to enrich and sharpen their critical style. This change Hartman welcomes. On the other hand, along with a renewed interest in politics and historical speculation, a didactic and moralistic tone has again entered the scene. Hartman rejects this new moralism. The author is an eloquent defender of reading the text of criticism as carefully as the text of literature. He

argues for a broader conception of critical style, one that would support the open and conversational voice of the public critic as well as the inventive and innovative practice of the technical critic. Hartman sets before us an ideal of literary criticism that can acknowledge theory yet does not shrink from a sustained, text-centered response. *Minor Prophecies* is a major book by one of our finest critics.
